Product highlights

Pre-programmed for Philips
If you have Philips equipment, you can use your universal remote control without programming it because all keys are pre-set for Philips.

2in1 remote control
Replace two separate remote controls with one robust unit that'll operate your TV and VCR or DVD, regardless of the brand or model.

Extended functionality
A shift key gives each key two functions, effectively doubling the versatility of your universal remote control.

Batteries included
No extra batteries to buy, so you can use your new universal remote control straight out of the packaging!

URC Service line
If you have a problem or question about your universal remote control, or there's a function key on your original remote control not covered by the extensive built-in code library, call the service line for a solution. It's available seven days a week.
